2020 – ongoing

KodeGo BootCamp

FullStack Web Developer

Feb –May 21 2023

SKILLS

UI and UX Design
- Figma
- canva

Full Stack Web & App Development
- React/NextJs
- Node js
- TypeScript
- Python
- C#/C++
- PostgreSQL

INTRODUCTION

I have skills in designing websites and applications using Figma, developing with Ruby on Rails, React and Next.js frameworks, and utilizing Node.js with Express for back-end development. I am experienced in working with databases such as MySQL and PostgreSQL. Additionally, I have proficiency in Python and JavaScript, leveraging these languages to build scalable and efficient web applications. I am committed to merging technical functionality with aesthetic design to create seamless user experiences and continuously update my skills to stay at the forefront of web technology trends.

WORK EXPERIENCES

Jeonsoft Corporation – 2023–2024
   Position :Software Developer

Full-Stack Development
- Spearheaded the creation of responsive and scalable web applications using React JS and Ruby on Rails, ensuring robust backend functionality and engaging front-end designs.
- Maintained and enhanced existing applications and websites, optimizing performance and implementing new features to meet user needs.
- Worked collaboratively with cross-functional teams to ensure seamless integration of front-end and back-end components.
- Utilized MySQL and PostgreSQL for database management, ensuring data reliability and system scalability.

UI/UX & SEO
- Enhanced application usability and search engine rankings by integrating effective UI/UX strategies.
- Designed user-friendly interfaces using Figma and Canva, ensuring intuitive navigation and visually appealing layouts.
- Improved website visibility by implementing SEO best practices, resulting in higher search engine rankings and increased traffic.

Teleperformance & Startek – 2022–2023
   Position: Customer Service Representative

Customer Service Representative (CSR)
- Delivered exceptional customer support by addressing inquiries, resolving issues, and ensuring customer satisfaction.
- Maintained a professional and empathetic approach to handle challenging customer interactions effectively.
- Collaborated with internal teams to address customer feedback, improve processes, and enhance service quality.
